Education

Veermata Jijabai Technological Institute, Mumbai **Sep 2023 – Jun 2027**
B.Tech in Computer Engineering

A.K. National High School, Khamgaon **Jun 2021 – Mar 2023**
HSC (Science): 79.50% – SSC: 97.60%

Experience

Ashley Global Exim **Jul 2025**
Software Engineering Intern *Remote*

- Developed and deployed a **responsive website** using **React.js, Vite, and JavaScript** for product and service showcasing.
- Integrated **EmailJS** to handle contact-form submissions and enable direct customer inquiries without a backend.
- Managed **Hostinger deployment, custom domain, and DNS configuration**, incorporating UI/UX improvements based on client feedback.

Projects

Swiggy RAG System |*Python, LangChain, FAISS, google/flan-t5-base, Streamlit*

- Engineered a hybrid Retrieval-Augmented Generation (RAG) system using FAISS and a local FLAN-T5 LLM to extract highly accurate financial metrics and narrative insights from unstructured corporate Annual Report PDFs.
- Developed an interactive **Streamlit dashboard** with real-time streaming responses, source-document highlighting, and confidence scores.
- Built an intelligent query-routing architecture with robust regex parsing and stopword filters, achieving fully deterministic accuracy for critical financial metrics while actively preventing LLM hallucinations.

Smart Hostel Management Information System | *React, Node.js, Express, SQLite, JWT, REST APIs, Chart.js*

- Developed a full-stack hostel MIS with **React frontend, Express REST APIs, and SQLite database**, supporting student CRUD, room allocation, fee payments, maintenance requests, and administrative reporting.
- Built **JWT authentication and RBAC** with protected routes and role-specific permissions for Admin, Warden, Accounts, Student, and System Administrator workflows.
- Implemented SQL-based **occupancy, fee, maintenance, and student analytics** with indexed relational tables and interactive Chart.js dashboards for operational insights.

JobTrack – Job Application Tracker | *JavaScript, Chrome Extension APIs, Manifest V3, HTML, CSS*

- Built a **local-first Chrome Extension (Manifest V3)** that detects job postings while browsing and enables users to save and manage applications directly from the browser.
- Implemented **job-posting detection and extraction** using content scripts, allowing users to capture relevant job details without manually copying information between websites.

Achievements

- Secured **1st place** out of **20+ teams** at **SuperNova'23** (E-Cell VJTI), a national-level innovation & entrepreneurship challenge; awarded a cash prize of **INR 20,000**. Proof
- Scored **98.35 percentile** in **JEE Main 2023** and cleared **JEE Advanced 2023**, placing among the top **2%** of candidates nationwide.
- **Competitive Programming:** Solved **1000+ DSA problems** across multiple coding platforms, strengthening algorithmic problem-solving across core and advanced data structures. Codolio
- Ranked among the **Top 3** at the **Sub-district Chess Championship** (2017–2019) and represented the school at the **District Level** for three consecutive years.
- Achieved **99.72 percentile** in **MHT-CET 2023**, ranking among the top **0.28%** of over **300,000** candidates.

Technical Skills

Languages: C++, JavaScript, Python, SQL
Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Frameworks & Libraries: React.js, Node.js, Express.js, Bootstrap, Tailwind CSS
Databases: MongoDB, MySQL
Tools & Platforms: Git, GitHub, VS Code, Linux, Hostinger
AI/ML & Other: LangChain, REST APIs, Prompt Engineering

Leadership

Technovanza, VJTI |*Sponsorship Executive Head (2024–25) → Marketing Head (2025–26)* **Oct 2024 – May 2026**

- Spearheaded **end-to-end marketing initiatives** for Technovanza, collaborating across teams to **expand outreach, amplify festival visibility, and increase student engagement**.

Enthusia, VJTI **Oct 2023 – May 2024**
Event Head (Chess)

- Led **end-to-end planning and execution** of the chess event, managing **registrations, player fixtures, on-ground coordination, and prize distribution** to ensure seamless event operations.
